

About Carlton Male Voice Choir

The Choir was formed in the Netherfield area of Nottingham in 1908 and we have been making music in venues large and small - locally, nationally and abroad – ever since. From the outset and throughout its history the Choir has worked towards two stated goals:

- to entertain audiences with our music
- to support good causes in order to augment their funds

To this end we have raised many thousands of pounds over the years.

For example, our Centenary Concert at Nottingham's Royal Concert Hall resulted in a cheque of more than £12,000 presented to the anti-drugs charity D.A.R.E. (UK)

Over the last five years, the Choir has put on major concerts that have supported the following causes to the tune of more than £10,000 in total:

Charcot-Marie-Tooth Disease

Epilepsy Action

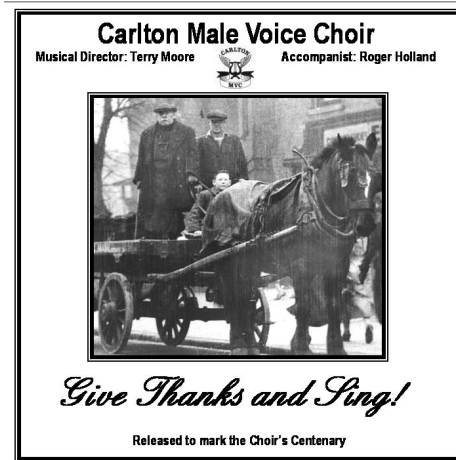

The Lincolnshire and Nottinghamshire Air Ambulance

The Colonel's Fund Grenadier Guards

Tsunami Relief Funds

Myotonic Dystrophy Support Group

If you have not heard the sound of the Choir, please enquire about the availability of a Demo CD.

Things our clients have said in about us:

-“The choir was a sheer delight. Thank you VERY much. We should have raised something in the region of £300. On the evening of the England's opening match in the world cup this was marvellous”.

Pat Batchelor, Queenswood Amenity Fund, 2010

-“A brief note to say how impressed I was with the Festival Concert. It was a very good programme and sung with great skill. It is also so good that the choir has a prize every year for young musicians”

Sir Andrew Buchanan, Lord Lieutenant of Nottinghamshire, 2009

What We Will Do For You

If you book us we can provide you with:

A well-established male voice choir of around sixty singers

A compere, if required

Soloists (although we are just as happy to share 'the stage' with other performers, particularly youngsters looking for concert experience)

An electric keyboard (and someone to play it!)

Portable staging, if required

A printed programme (by negotiation)

A full and varied repertoire which comprises – songs from the shows, stage and screen; popular melodies ranging from Elvis to Celine Dion and from the Righteous Brothers to Paul Simon and Frankie Laine; favourite arias and choruses from the world of opera; spirituals and work songs; traditional male voice pieces, such as the great hymns.

We can adapt our programme to suit your occasion.

What We Ask of You

If you book us we would like you to provide:

A suitable venue for the event

A room for the Choir to congregate and leave coats, etc

A small area in which to promote the Choir's CDs

Some light refreshments at the interval or at the end, if possible.

An audience! We enjoy singing before a 'crowd', whatever the size of the venue, so please do your best to 'sell' the event

The Choir requires an appearance fee but revenue from the event will invariably offset this at the very least and hopefully leave you with a healthy surplus.

If you feel it would be useful, we'll be pleased to offer you our experience and advice to help you plan the event.
